

St Andrew's Park, Uxbridge

CONTEMPORARY | MIXED USE | RESIDENTIAL | TRADITIONAL | 2008 - 2018

This scheme for approximately 500 houses and apartments, was designed by Thrive for the former RAF Uxbridge site in the borough of Hillingdon (masterplan prepared by Sheppard Robson).

The scheme includes a new school, retail and other facilities. The design is predominantly contemporary whilst respecting the military history of the site. Now completed the development includes a well contained primary street with urban swales, a contemporary crescent and detached houses near to the retained Hillingdon House.

Further south contemporary townhouses frame a spine street with large four storey apartment blocks running along Hillingdon Road. A restrained palette of materials, mainly brick, is balanced by elements of detail such as balconies and large areas of glazing with dark window frames.
